100 Years ANZAC

Thursday 6th August 2015 marks exactly 100 years since the start of the Battle of Lone Pine — one of the bloodiest assaults of the Gallipoli campaign.

Prior to the battle, Turkish soldiers had felled pine trees to cover their trenches, and when the fighting began, only one tree remained.

Following the war, pine cones collected by soldiers from Lone Pine Ridge were planted in Australia.

VIETNAM WAR The Vietnam War was Australia's longest twentieth century conflict. Beginning in 1962 with the deployment of a training team, Australia's commitment to the war escalated to include a task force which remained in action until 1972. In the war's final years domestic opposition, particularly to the use of conscripts, resulted in large public protests. In 1975, several years after the last Australian combat troops left, and with North Vietnam on the cusp of victory, the RAAF returned to Vietnam to evacuate Australians and locals during the war's final days.

Aged care Accreditation

Sheridan Aged Care has recently undergone Aged Care Accreditation.

The interim result of the accreditation survey is that we have met 41 out of the 44 standards assessed, with 3 standards requiring additional work in order to meet compliance.

One particular area of concern for KDHS is the completion by all staff of the mandatory competencies required as a requirement of their position description. Competencies such as food handling, hand hygiene and infection control to name a few are critical in ensuring the continued delivery of safe, effective care.

It is important that all KDHS employees take seriously, the need to complete these competencies in a timely manner.

Compulsory Compliance Testing of the Emergency Generator

When: Saturday 8/08/15

An announcement will be made over the PA system 5 min. prior to both power interruptions.

Computer users are advised to save any open work and shutdown their P/C during the test.

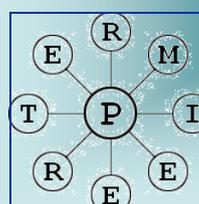

This will take place between 9.00am and 11.00 am.

Minor Procedures in Minor Procedure Treatment Rooms

KDHS is pleased to announce the commencement of the Minor Procedure Treatment Room (MPTR) service from the new treatment rooms located near the “blue” lounge. Services commence on the 10th August and will be provided three days per week.

Much of the services provided from these rooms will replace the minor procedures currently conducted in the Day Procedure Unit under local anaesthetic.

The relocation of this activity will ensure that we continue to provide patients, medical officers and staff with a safe, comfortable and pleasant environment.

The service will be coordinated for KDHS by Jenny Hill and has been developed in partnership with Kyabram Regional Clinic.

Don't Forget—Changes to Staff Dining Room

Staff Room will be closed from Monday 10th August for 4 weeks (due to kitchen flooring replacement) Pop up staffrooms will be made available along with the back section of the café care. Staffroom fridge will also be relocated to the back section of the café area.
