

KYABRAM DISTRICT  
HEALTH SERVICE

## **PRESS RELEASE**

22<sup>nd</sup> April 2015

### **ADDITIONAL GP HOURS FOR STANHOPE**

Stanhope Health, in partnership with Kyabram Regional Clinic, is pleased to announce the commencement of additional 4 hours of GP service to the Stanhope community. Dr Nicole Townsend will commence providing a full day GP clinic service each Tuesday, as of 5<sup>th</sup> May 2015.

Dr Townsend's session will replace the usual Thursday morning GP (Dr Mala Gupta) clinic as of this date. The usual Monday morning GP clinic will remain unchanged.

This expanded GP availability is a wonderful and positive addition to medical services available to the community and we hope demand for appointments will be strong.

As a result of supporting the Tuesday GP session, the usual Thursday Stanhope Health Customer Services Team service will not be available for a short period of time, however private service use of this facility will remain unchanged.

Kyabram and Stanhope Health would like to take this opportunity to welcome Dr Townsend and thank KRC for its ongoing commitment to the health needs of the Stanhope community.
